#### BOYLE PUNCTURES FALLACIES OF DEMOCRATS IN MESA TALK

(Special to the Journal-Miner)  
MESA, Oct. 17.—Arguments of Senator Ashurst and other democratic leaders, criticising the national administration, were shattered into a thousand bits by the remarks of James P. Boyle of Douglas before a large gathering here tonight.

"When Mr. Harding took over the reins of government," declared the speaker, "he encountered one of the most difficult situations ever confronted by a president since the days of Abraham Lincoln. Fortunately our president is mentally and physically so constituted that he has held firmly to the course laid out at the beginning of his term and, surrounded by loyal and efficient cabinet members, has accomplished wonders in reducing administrative expenses. The last democratic congress for the fiscal year 1920 appropriated \$6,455,000,000. For 1921 the estimates made by President Wilson and his department were \$6,265,000,000. The republican congress after considering such estimates cut them to \$4,780,000,000. For 1922 congress appropriated \$4,665,000,000, and for the coming year the appropriations have been cut to \$3,750,000,000. From this amount deduct three fixed charges due directly to the world war; first \$1,000,000,000 accumulated interest on our public debt, second \$400,000,000 sinking fund, and third, \$500,000,000 to cover our obligations to disabled ex-service men. Making these deductions from the Harding budget we have a sum but slightly larger than that required to run the government during pre-war days when costs were low.

#### CHINO VALLEY GATHERS UP ITS WEALTH TO EXHIBIT TO VISITORS; COMPLETE AWARD

The Farms school house yesterday was the busiest place in Yavapai county, for there, the farmers of the Chino Valley Farm Bureau under H. C. Anderson, president, and some hard working committees, had gathered the Chino valley fair exhibits.

From the farm lands had come the best of the crops, the best dairy animals. The homes had supplied examples of home cooking, canning and sewing. Visitors from Prescott—including during the evening, members of the democratic county ticket—arrived to look over the production of this little agricultural paradise. From universities and other institutions had come the experts who were to judge of the excellence of the pumpkins and the alfalfa, the cows and bulls.

During the day, a "pie-counter" was maintained by the relief society of the L. D. S. church. The ladies were deeply interested and had a separate department with Mrs. E. G. Well as judge.

The fair was handled this year by Mr. Anderson and the following committees:

#### LOS ANGELES' JAIL BROKEN BY ODD TRIO

(Associated Press Night Wire)  
LOS ANGELES, Oct. 17.—While deputy sheriffs of half a dozen cities were patrolling southern California highways late today in search of three men who escaped from the Los Angeles county jail, the district attorney's office was beginning a searching investigation. The fugitives are Herbert Wilson, formerly a clergyman in London, Ont., and Adam Ward, alias Blazky, both convicted murderers, and Guido Spignola, alleged bandit.

According to stories told by jail guards, the trio overpowered jailer Elmer Condon, took his revolver and held him up together with jailer Robert Glaze, when the latter came to the rescue. Condon broke away to another part of the jail and Glaze was locked in a closet.

The three men then attacked jailer Henry Purrier, beat him into insensibility and took from him the keys to the outer doors of the jail, and escaped.

They commandeered a U. S. mail truck alongside the federal building, half a block away, forcing the driver, L. M. Story, to run the car. Story returned tonight and said he had been held prisoner all day in a large chicken coop.

NEW YORK, Oct. 17.—Federal Judge Learned Hand today reserved decision on applications by American and foreign-owned steamship lines to make permanent the stay, restraining government officers from putting in to effect the Daugherty ruling that vessels must not carry liquor inside the three-mile limit, even under seal, when touching American ports.
